STRATEGIC MARITIME EXPERTISE

MISSION

---

what we do...

Flag Bridge (n): *Command center on a ship where strategic decisions are made by the Admiral and staff.*

We are former U.S Coast Guard flag officers and elite maritime subject matter experts, that provide high-level, strategic consulting services to support risk and sovereignty management initiatives in the worldwide maritime domain.

**Maritime Consulting Focus Areas:  
Security / Safety / Environmental**

## **Maritime Risk Management**

is the business practice of systematically and methodically identifying, analyzing, and mitigating threats and reducing exposures to loss faced by organizations or individual stakeholders with maritime interests.

## **Maritime Sovereignty Management**

is the organizational processes required to control a maritime domain that include strategic planning, establishing policy and objectives, managing resources, regulating activity, securing human and financial assets, and enforcing supreme independent authority.

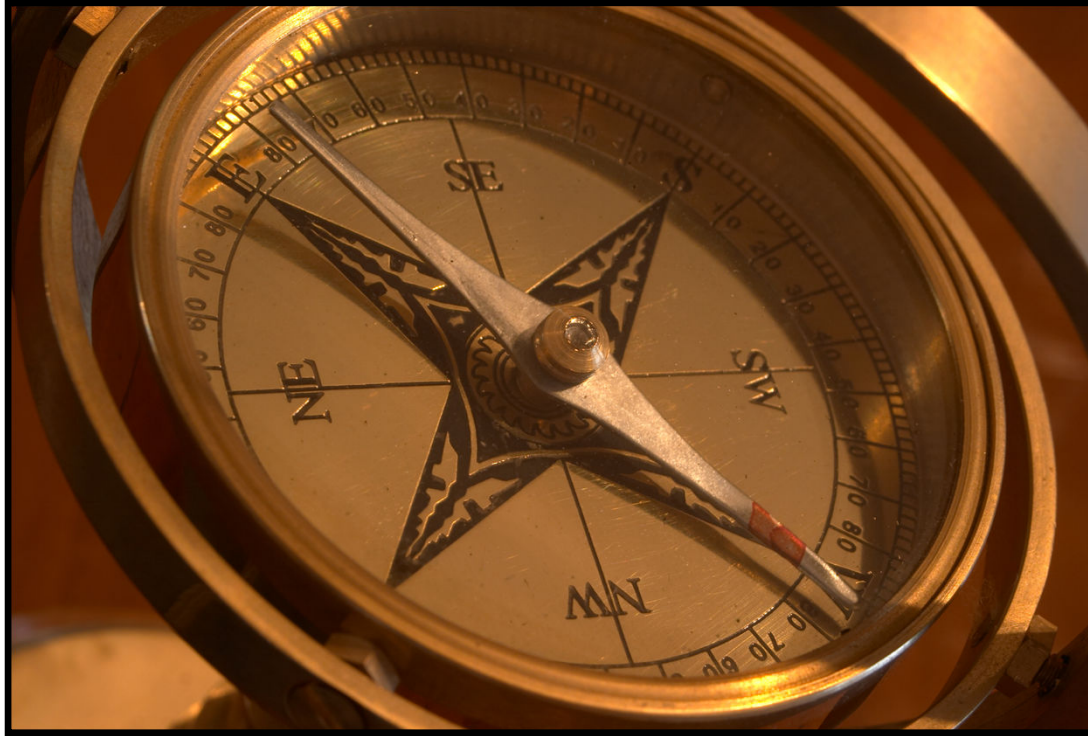

ABOUT US

---

three things  
about us...
